

## **SHY AWAY**

**Lyrics: David Linx**

**Music: Quentin Dujardin**

**On this day shy away from what's on display  
Ready for me to let you go for other spheres  
I'll shy away but what if there's no home  
No more sheltering arms  
Should I find you behind clouds  
Beneath starlight?**

**Shy away from what goes awry on this day  
And from this place of gratitude, benevolence  
I'll shy away but never to postpone  
Joy itself when found  
Don't let it wear itself out  
Down to the ground  
(Let it shine loud and proud)**
